

JACKSON

Family Photography

by Sarandë C. Jackson

Thank you for visiting JacksonFamilyPhotography.com

We know you have a lot of choices for Senior Portraits and sincerely hope you decide to book your session with us!

Here a few Frequently Asked Questions:

Who is the Jackson Family?

The Jackson Family is husband and wife team of Sarandë and Chris. Sarandë has been a photographer since 2001 and has been photographing Seniors since 2008. Photography for her has never been just a job, but it is her passion. Always a people person she excels at making her subject feel comfortable in front of her camera. She has worked extensively with all types of people and lighting situation and really knows her stuff. An expert in posing and lighting techniques, she makes sure her subjects always look like their best selves! Chris has developed his love for photography over the past couple of years (even teaching his wife a thing or two) he enjoys photographing landscapes and wildlife. He also does a lot of the editing for your Senior Portraits. These two work together photographing events and portraits and really compliment each others' styles. Their most important accomplishment to date is their 2 year old son Wesley who they have been told, is the sweetest and most adorable boy on earth, and they tend to believe that to be true.

Why should you book with JFP?

We know you have your choice of photographers for your Senior Portraits and there are some talented independent operators as well as larger studios you could visit. If you come to us though, you are given the kind of attention that you won't get elsewhere. We are a small operation with a big love for what we do. It our mission to make your Senior Portrait Experience easy and fun and with an end product that will bring a smile to your face for Years to come.

How much is a Senior Portrait Session and what is included?

The fee for your portrait session is \$250. That is for 60 minutes of photography in our outdoor studio (more about that below). You are able to bring any number of outfits you'd like. Somewhere between 3-5 outfits is typical.

You will receive an 8x10 and 12 wallet sized calling cards with your session. Also, \$50 of your session fee will be applied to any one of our Portrait Collections. What a deal!

Your Yearbook selection(s) are fully retouched and sent off to your advisor in advance of your deadline. We take care of that, you don't need to worry about it!

In fact- all of the poses you choose to put in your collection come with basic retouching. Skin softening, blemish removal, crazy flyaway hairs, all taken care of. Additional retouching can be discussed, things like braces removal, scar removal, severe acne will have an additional charge.

Where do I take my Senior Portraits?

Glad you asked! We are lucky enough to reside on 3 acres of beautifully kept property right on the Holden/Worcester line. It features a babbling little brook with a small bridge, a grassy meadow with wild flowers and trees, a rustic garage and a front porch. We can even transform our living room into a studio space for some formal indoor portraits if you'd like.

How do I book my Senior Portraits?

Very glad you asked! Sarandë is always quick to return a phone call or a text or an email and will work with you to find your perfect date and time to be photographed. Hurry though! The season is short and space fills up fast. She is always happy to talk and answer any specific questions you may have too.

I've booked my Session, now what?

Best question so far! Now that you have booked your session and marked the date on your calendar its time to start thinking about props and outfits. If you are planning on getting your hair done make sure you make that appointment now!

So what should I wear and what should I bring?

When you are deciding on what to wear for your session keep a few things in mind; Solid colors photograph better. That doesn't mean you can't have any patterns in your pictures. Florals and plaids and simple stripes are fine, just try not to mix too much. You want the focus to be on you and not the three different patterns you're wearing.

Make sure You look like You! Sounds obvious right? Make sure you like the way you look and are comfortable in your clothes.

Change it up! Don't bring 4 of the same color or style shirt. Bring something formal, something casual. Bring a dress and a t-shirt and jeans and your track uniform. Bring your favorite band tee with jeans and a nice button down top with khakis. You can always bring extra clothes and Sarandë can help you decide at the time of your session.

Props are ENCOURAGED!

Do you play sports? Bring your baseball glove, or a football, tennis rackets, bowling balls, lacrosse stick, field hockey stick, pool cue! Whatever it is, if you love it, bring it.

Play an instrument? Awesome! Bring it along! Have a sweet ride? Drive it over, we have plenty of parking! Have a pet you love? Go ahead, bring 'em. Into art? Bring some supplies. Love to read? Bring your favorite book. Get the idea? Senior Portraits are about YOU. So show off and bring what you love!

Don't Forget You will be photographed from Head to Toe in these pictures. Though not every shot will have your feet in it, remember to consider your shoes in your pictures. Make sure your fingernails are clean too, and if you're wearing polish, make sure its not chipped!

The day of my session is here! Now what?

Yay! We got here! You'll meet Sarandë at her home studio at 189 Holden St. We'll check out what you have for outfits and props and talk about what you are hoping to capture during your session. (If you have no idea, don't panic, Sarandë does) You'll have a room with a full length mirror to change and get yourself picture ready and then off we go! Easy as that!

My session is over and it was Awesome! Now what?

Well we are glad you had a great time! After your session is completed we will set up another time about 2 weeks out to meet and view and order your pictures. We'll have a slideshow ready for you to view and together we'll pick your favorite poses and a portrait collection to make sure you get everything you need. To be prepared, think about who you need to give pictures to. Don't forget grandmas and grandpas and aunts and uncles, cousins and coaches and teachers and friends.

I have more questions!

Call! Text! Email! Facebook Messenger!

(857) 498-5527 - scjacksonfamilyphoto@gmail.com - [facebook.com/jacksonfamilyphoto](https://www.facebook.com/jacksonfamilyphoto)

Sarandë is Happy to answer all of our questions!

Want to be a Senior Ambassador?

It's easy!

If you had a great time during your session and absolutely love your pictures, then go and tell your friends!

That's it! Tell your friends about Jackson Family Photography and when they book and complete their session, you get \$10.

Cash.

Money.

In the bank.

Every time someone books a session and says you sent them, bam, \$10 to you.

Told you it was easy!

Need more incentive?

Have 3 or more friends complete a paid-in-full session with JFP and we'll put your name in for a drawing for a \$100 Amazon gift card!

We'll pick a name at random on September 1st, so make sure you are telling everyone you know!

The person with the most referrals by that date will also receive a \$50 Amazon gift card as well as being in the drawing for the \$100. So don't forget to share!

*This offer is good for any member of the Class of 2017 who has completed their session with us as well as any members of 2016 that were photographed last year. *
